

## Graph Representations(Divya Saxena 1001773376)

Graphs between Steps per Episode vs Episodes for different learning algorithms. When python files run, following graph will be generated and saved in /Code folder. I have taken planning steps as 0,5,50

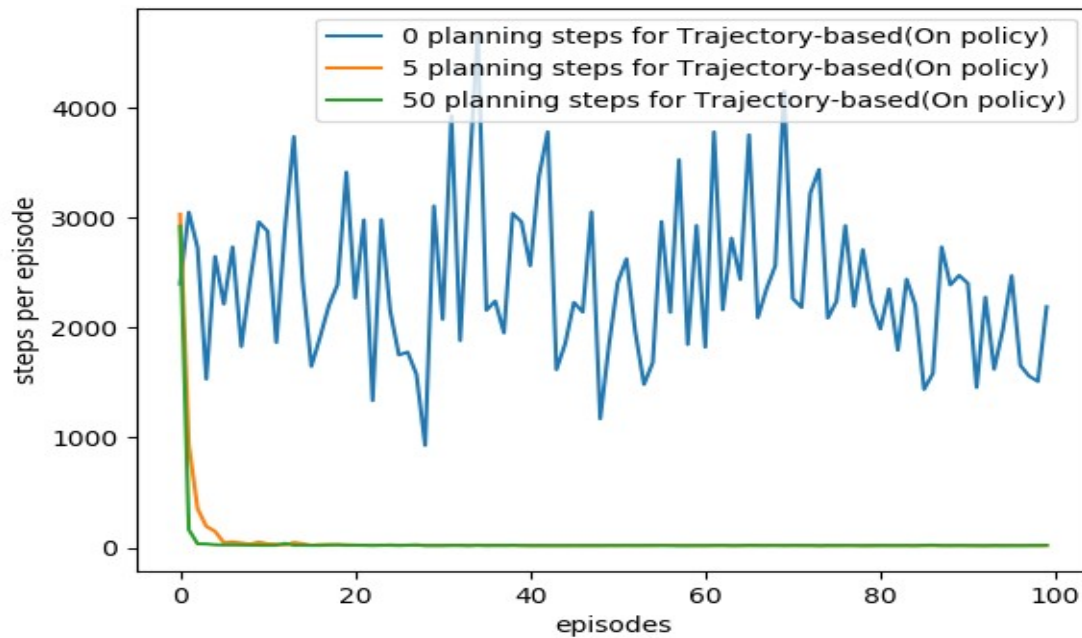

### Question 1 (Dyna-Q):

### Question 2(Priority Sweeping):

**Question 2c(Trajectory Sampling – On policy):**

**Question 2c(Trajectory Sampling – Uniform):**
